

Dear Healthcare Providers,

Your patient _____ is seeking a referral for Common Ground Healing Arts. Common Ground is a nonprofit wellness center in downtown Charlottesville. Our mission is to make therapeutic massage, community acupuncture, yoga and meditation more affordable and accessible. We are currently transitioning from an income based sliding scale to a more empowering Pay-What-You-Can fee structure.

Drop-in Yoga Classes <i>Pay-What-You-Can \$5-\$15</i>	Meditation <i>Offered by Donation</i>
6 Week Yoga Class Series <i>Pay-What-You-Can \$30-\$120</i>	Community Acupuncture <i>Pay-What-You-Can \$20-\$50</i> <i>There is an additional \$15 one-time consultation for the first session</i>
60 Minute Massage <i>Pay-What-You-Can \$60-\$80</i>	

With YOUR referral, your patients will have access to lower price options allowing them to visit as often as needed for optimum healing or as a component of their preventative care. Massage will be the first service offered at a lower price point with a referral: Pay-What-You-Can \$40-\$80.

Why are we doing this? The National Institute of Health's National Center for Complementary and Alternative Medicine has identified MASSAGE as the MOST EFFECTIVE, evidence-based complementary medicine in America. Massage therapy can relieve pain, increase blood circulation and reduce blood pressure while promoting relaxation and decreasing symptoms of stress and anxiety. It has also been shown to boost immune system function and positively impact a wide variety of other ailments including hypertension, headaches, tendinitis, carpal tunnel syndrome, fibromyalgia and more.

Common Ground believes that strengthening the relationship between Western medicine complementary medicine hugely benefits your patients.
